Sign up for the **Military Spouse Pathway to Business**, an entrepreneurship training program for military spouses.

Owning a Small Business

Members of the military community have the character, discipline and skills needed to succeed as entrepreneurs. Wondering what it takes and how you can prepare? Enroll in Pathway to Business.

About the Pathway to Business class

The Military Spouse Pathway to Business class is an entrepreneurial education and training program offered by the U.S. Small Business Administration (SBA). The course provides an overview of entrepreneurship and applicable business ownership fundamentals. Spouses of Active Duty Service members (including National Guard and Reserve) and spouses of veterans of all eras, are eligible to participate.

During Pathway to Business, participants are introduced to the skills, knowledge, and resources they need to launch a business, including steps for developing business concepts, how to develop a business plan, and information on SBA resources available to help. The program is facilitated by subject matter experts from the SBA and their extensive network of skilled business advisors.

Participants that complete an in-person or online Pathway to Business course can elect to further their study through one of many B2B online courses, offered at no cost to military spouses, Service members, and Veterans.

The Military Spouse Pathway program is provided through the coordinated efforts of the SBA and its valued partner network. All SBA services are extended to the public on a nondiscriminatory basis. Reasonable arrangements for persons with disabilities will be made if requested at least two weeks in advance.
